

THE VIRGIN MARY IN THE KINGDOM

Day 2 (P193)

The Second Step of the Divine Will in the Queen of Heaven:

The Most Holy Trinity smiles upon the Immaculate Conception

"My mother, I love you; love me too. Increase in my soul the Will of God, and grant me your blessing also, so that I may do all my actions under your maternal gaze."

The soul to the Queen of Heaven:

Heavenly Mother, here I am again upon your maternal lap to listen to your lessons.

This poor child entrusts herself to your power, as I realize that I am too incapable of doing anything, but since you love me as my mother, I cast myself into your arms and ask you to have compassion on me.

As I attune the ears of my heart, make me hear your most sweet voice so that I may receive your sublime lessons.

May you, Holy Mother, purify my heart with the touch of your maternal hands, and enclose therein the heavenly dew of your heavenly teachings.

Lesson of the Queen of Heaven:

My child, listen closely to what your tender mother wishes to tell you.

If you knew how much I love you, you would have more confidence in your tender mother, and you would let not even one of my words escape you. I not only keep you inscribed in my heart, but in this heart, my child, I have a maternal predilection⁸⁶ that moves me to love you more than any mother.

⁸⁶**The original Italian text states: "*fibra materna*".⁸⁶**

Therefore I wish for you to hear the great prodigy that the Supreme Fiat operated in me, so that you, by imitating me, may grant me the great honour of being my queen daughter.

Oh how my heart sighs and is inebriated with love for having around me the noble host of my little queens.

So listen closely to what your tender mother wishes to tell you, my beloved child.

As soon as the Divine Fiat poured itself out over my human seed in order to prevent the sad effects of sin, the divinity smiled and rejoiced.

It rejoiced in seeing my human seed emerge from God's creative hands as pure and holy as at the time of man's creation.

The Divine Fiat took the second step in me by carrying my human seed that it had purified and sanctified before the divinity; it did so in the act in which I was conceived in order to pour itself out in torrents over my lowliness.

Recognizing in me its beautiful and pure creative work, the divinity smiled with satisfaction and, wanting to rejoice with me,

the Heavenly Father poured out upon me seas of power;

the Son, seas of wisdom;

the Holy Spirit, seas of love.

Thus I was conceived in the never ending light of the Divine Will.

In the midst of these divine seas which my lowliness could not contain, I formed for them the highest waves in order to requite the Father, the Son and the Holy Spirit with as much homage of love and glory as they had given me.

The divinity's gaze was completely fixed on me and, not to be won over by me in love, smiling and caressing me they sent me more seas which so embellished me that no sooner was my little humanity formed, than I acquired the enrapturing virtue of enrapturing my Creator.

And God truly let himself be enraptured, so much so that between God and I there was continuous festivity.

I never denied God anything, nor did He refuse me anything.

And do you know who animated me with this enrapturing power?

The Divine Will, reigning in me with its life.

This is why the power of the Supreme Being was mine, and this is why we had equal power to enrapture each other.

Now, my child, listen closely to your tender mother.

Know that I love you very much, and would like to see your soul filled with my own seas of grace.

These seas of mine are immense and seek to pour themselves out.

In order for me to pour them out, you must empty yourself of your own will so that the Divine Will may take its second step in you.

In this second step the Divine Will shall constitute itself the principle life of your soul, and call the attention of the Heavenly Father, the Son and the Holy Spirit to pour themselves out upon you with their overflowing seas.

But for this to occur, they wish to entrust to your human will their seas of power, wisdom and unspeakable beauty.

Now, child most dear to me, listen closely to your tender mother.

Place your hand upon your heart and tell me your secrets...

How many times have you been unhappy, tormented and embittered because you followed your own will?

Know that in so doing you have cast out the Divine Will, and fell into the abyss of evils.

The Divine Will wanted to make you pure, holy, happy and beautiful with an enchanting beauty, but you, in doing your own will, waged war against it and, in sorrow, cast it out of its dear dwelling place, which is your soul.

Listen, child of my heart, it causes your tender mother such sorrow not to see the sun of the Divine Fiat in you, but instead the darkness of the night of your human will.

But arise and have courage! If you promise to place your will in my hands, I, your Heavenly Mother, will take you in my arms; I will place you upon my lap and reorder the life of the Divine Will in you, so that you too, after so many tears, will be the cause of my smile and rejoicing and cause of the smile and rejoicing of the Most Holy Trinity.

The soul:

Heavenly Mother, if you love me so much, I entreat you not to allow me to leave your maternal lap.

Watch over my poor soul and, as soon as you see that I am about to do my own will, enclose me in your heart and consume my will by the power of your love.

In this way, I will change your tears into delightful smiles.

Aspiration:

Today, to honour me, come onto my lap three times, and giving me your will, say to me:

"My mother, I want this will of mine to be yours so that you may exchange it with the Divine Will."

Exclamation:

Sovereign Queen, with your divine rule, cast down my will so that the seed of the Divine Will may sprout up from within me.
